

# Behaviour Policy Addendum

## Ready Respectful Safe

In response to the wider opening of Parklands Community Primary School, the following additions have been made to our Behaviour Policy.

We are proud of children, however, the following expectations have been put in place to ensure the safety of our whole school community.

This will be explained to children in an age appropriate way during their first day back on site with us. In addition, parents will be sent a copy.

The emotional well-being of our school community will be held in the highest regard during this difficult time.

### Expectations of children

#### Social distancing

- Stay in your own seat in the classroom or sit in the space you have been asked to.
- Keep a sensible distance from other children as you move around the classroom/school or when lining up.
- Put up your hand if you want to speak to the teacher instead of moving from your seat.
- In the playground, as much as is reasonably possible, stay apart from other children. This means not playing contact games such as tag.
- Do not enter the toilet if there is another person in there. Wait sensibly outside the toilet. If there is already someone there, return to class and tell an adult. Only use the toilets assigned to your class.
- Stay with your friends in your bubble. This means you stay apart from children and adults in other bubbles.
- Follow the instructions on moving around the school; do not leave your classroom unless you ask an adult first.
- When outside, only play in the area that you have been told you are able to.

#### Infection control

- You must not cough or spit towards any other person.
- Do not share equipment: we will give you a pencil case that will have everything in it that you need.
- Do not share water bottles. If you can, bring in your own from home.
- If you sneeze or cough, you must cover your mouth with your elbow or preferably use a tissue using the 'catch it, bin it, kill it' approach.
- Wash your hands using the soap and water for 20 seconds when you have been asked to do so.

#### Illness

- If you feel ill at home, you must tell your parents immediately and you must not come to school.
- If you feel ill at school, you must tell an adult immediately so your parents can be contacted.

**Deliberate non-compliance of these expectations will be taken seriously and parents will be contacted immediately if we feel that any child is deliberately placing children or staff at increased risk.**

This amendment follows guidance as published by the Government, which can be found on the following link:

<https://www.gov.uk/government/publications/preparing-for-the-wider-opening-of-schools-from-1-june/planning-guide-for-primary-schools#annex-a-behaviour-principles>

The school's current Behaviour Policy will still be our main policy that will be followed. We will celebrate our pupils who are **ready, respectful and safe**.
